Present Land Use/Zoning/General Plan Designation:

Industrial, Residential, Public Facilities, Public Utilities, Regional Mixed Use, Commercial

Project Description: *(please use a separate page if necessary)*

The proposed West Valley Connector Project is a 25-mile-long Bus Rapid Transit (BRT) project, which is proposed to improve the speed and quality of public transit service within the corridor. Bus Rapid Transit is an innovative bus based system that improves the quality of the traditional bus experience through the provision of dedicated lanes, limited stops, more frequent headways, and transit signal priority. The proposed project includes stations at 27 locations/major intersections along with associated improvements.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".

X	Air Resources Board	X	Office of Historic Preservation
	Boating & Waterways, Department of		Office of Public School Construction
