

## MEDIA ALERT:

# CNG Fueling System Completion Ceremony

*State-of-the-art Compressed Natural Gas (CNG) system*

**When:** 9:00 am Tuesday, November 28, 2017

In conjunction with the Omnitrans Board's Operations & Safety Committee Meeting

**Where:** Omnitrans

1700 West Fifth Street

San Bernardino, CA 92411

Parking access via Medical Center Drive

**What:** CNG Fueling System Completion Ceremony

A brief ceremony, followed by an optional facility tour, to celebrate recently completed installation of new CNG fueling equipment at our San Bernardino and Montclair facilities.

**Who:** Omnitrans, public transit agency for the San Bernardino Valley

Speakers:

- P. Scott Graham, Omnitrans CEO/General Manager
- Sam Spagnolo, Interim Vice Chair, Omnitrans Board of Directors and Rancho Cucamonga Council Member
- Larry McCallon, Vice Chair Mobile Source Air Pollution Reduction Review Committee of the South Coast Air Quality Management District and Highland Mayor ProTem
- Mark Montgomery, Omnitrans Facilities Manager

**Why:** Omnitrans is committed to clean fuel technology to help improve air quality

The agency introduced its first CNG buses in 1998. Today the agency operates a fleet of 176 CNG transit buses and is transitioning its fleet of Access paratransit service minibuses to CNG. The new CNG equipment replaces liquefied natural gas equipment which was installed in 2002.
