SUBJECT: DEVELOPMENT OF THE FISCAL YEAR 2020 MANAGEMENT PLAN AND STRATEGIC PLAN UPDATE

FORM MOTION

Receive and file as an information item, the schedule and activities associated with the development of the Fiscal Year 2020 Management Plan and the Strategic Plan Update.

BACKGROUND

Omnitrans Annual Management Plan is a work plan developed by the Senior Leadership Team which is aligned with the Board approved Fiscal Year 2017-2020 Strategic Plan, the Omnitrans’ Short Range Transit Plan for Fiscal Year 2015-2020, as well as the San Bernardino County Transportation Authority Long Range Transit Plan. The plan defines the annual initiatives for the Agency.

The current Management Plan for Fiscal Year 2019 focuses on five Strategic Initiatives:

1. Financial Sustainability & Operational Cost Efficiencies
2. Service Expansion & Funding Growth
3. Technology
4. Safety & Security
5. Workforce Stability

The Board of Directors is updated on the progress of the Strategic Initiatives quarterly. At the December 9, 2018 Board of Directors meeting, the Fiscal Year 2019 first quarter reports for the Management Plan Strategic Initiatives and Key Performance Indicators were provided. At that time, there was a robust discussion focused on a number of critical issues facing Omnitrans in the future: the Agency’s ability to maintain fiscal sustainability, decreasing ridership, meeting the growing needs of the community and adapting to the changing needs of our customers. There was additional discussion regarding the need to analyze the Agency’s historical trends, the use of transit funding, and the future direction of the Agency. A request was made that these issues be put on a future agenda for further discussion. In addition, a recommendation was made that an ad-hoc committee be formed to include members of both Omnitrans and SBCTA board members.
The timing of these requests is in alignment with the schedule for the development of the Fiscal Year 2020 Management Plan, the development of the Short Range Transit Plan, and the upcoming development of the Strategic Plan. The following schedule and activities are planned as part of this process, including a Board of Directors Workshop.

These activities will play a critical role in setting the framework for future planning, as the Omnitrans Short Range Transit Plan is currently under development, with an update to the Plans and Programs Committee scheduled for the January meeting. In addition, Omnitrans current Strategic Plan takes the Agency through 2020, and will be updated in the coming year. The proposed Board Workshop will prepare the members of the Board and staff for the update to the Strategic Plan later this year.

There are many challenges facing the Agency, namely ensuring financial sustainability into the future, maintaining current service levels, adapting to the changing needs of our customers, and ensuring readiness for the operation of the Arrow rail service and for meeting the mandate to move the fleet to zero emission buses. The Agency faces these challenges in a fiscally constrained environment. The current and previous year Management Plans placed a strong emphasis, which was supported by the Board, on financial sustainability and operational cost efficiencies.

The issue of financial uncertainty was presented to the Board of Directors at the May 2018 Board of Directors meeting with the *Financial White Paper*. The White Paper discussed revenue uncertainty, cost efficiencies that have been implemented, rising costs and upcoming challenges. An update to the Financial White Paper will be forthcoming as we gain clarity on the financial forecast in collaboration with our SBCTA partners.
CONCLUSION

Omnitrans Senior Leadership Team will begin the development of the Fiscal Year 2020 Management Plan in the coming months. In addition, the Short Range Transit Plan is in the final stages of development and the Strategic Planning process will kick off with a Board Workshop proposed in March 2019.
