   2. Adopt Proposed 2018 Committee Meeting Schedule

F. BOARD BUSINESS
   Closed Session
   1. Threat to Public Services or Facilities – pursuant to Government Code Section 54957(a) Consultation with P. Scott Graham – CEO/General Manager

G. ADJOURNMENT
A. CALL TO ORDER

The Operations and Safety Committee Meeting was called to order by Committee Chair John Roberts at 8:02 a.m., Monday, April 25, 2016.

1. Pledge of Allegiance
2. Roll Call – Self-Introductions

Committee Members Present
Council Member John Roberts – Committee Chair
Mayor Pro Tem Glenn Bozar, City of Upland, Alternate
Mayor Richard DeLaRosa, City of Colton
Council Member Dick Riddell, City of Yucaipa
Mayor Pro Tem Sam Spagnolo, City of Rancho Cucamonga
Council Member Alan Wapner, City of Ontario

Committee Members Not Present
Supervisor Josie Gonzales, County of San Bernardino
Supervisor James Ramos, County of San Bernardino

Omnitrans Administrative Staff Present
P. Scott Graham, CEO/General Manager
Diane Caldera, Director of Operations
Jack Dooley, Director of Maintenance
Marge Ewing, Director of Human Resources/Safety & Security
Samuel Gibbs, Director of Internal Audit Services
Jacob Harms, Director of Information Technology
Wendy Williams, Director of Marketing & Planning
Andres Ramirez, IPMO Manager
Eugenia Pinheiro, Contracts Manager
Omar Bryant, East Valley Maintenance Manager
Kathy McClure, Sr. Contracts Administrator
Christine Van Matre, Contracts Administrator
Krystal Turner, Contracts Administrator
B. ANNOUNCEMENTS/PRESENTATIONS

There were no announcements.

C. COMMUNICATION FROM THE PUBLIC

1. Derek Turbide from Clean Energy spoke regarding Item E-3, awarding the CNG contract to GP Strategies. He said there was a mistake regarding the requirements, which he maintains General Physics (GP) Strategies has not met. In his opinion experience is paramount, and Mr. Turbide believes the scoring panel was unaware of GP’s shortcomings in this area. IPMO Manager Andres Ramirez was asked to address these concerns, and to answer questions from Committee members. Has GP built CNG stations elsewhere? They state in their proposal that they have, although not in California.

2. Mike Tucker from TruStar Energy also spoke regarding Item E-3. Researching GP Strategies, they found that they have not built CNG stations, but LCNG stations, which he doesn’t believe meets our contract requirements.

3. Charles Love with Clean Energy said they also researched GP Strategies, and echoed Mr. Tucker’s concerns regarding GP Strategies having built LCNG stations, not CNG stations, which he maintains are vastly different.

D. POSSIBLE CONFLICT OF INTEREST ISSUES

There were no conflict of interest issues identified.

E. DISCUSSION ITEMS

1. Approve Operations and Safety Committee Meeting Minutes – February 16, 2016

M/S (Spagnolo/DeLaRosa) that approved the Committee Minutes of February 16, 2016. Motion was unanimous by Members present.

2. Receive and file presentation highlighting the results of the San Bernardino Transit Center Customer Survey.

Director of Marketing/Planning Wendy Williams discussed the survey, which was conducted in February 2016. Overall, there is an 88% overall satisfaction rate. Member Wapner questioned allowing smoking at Omnitrans facilities, and pointed out that smoking is not allowed at the Metrolink facilities anywhere. Will there be another intercept survey? Wendy said there are no definite plans at this time. If/when there is another survey, Member DeLaRosa asked that shelters satisfaction be included; Wendy said that this is included in the ABBG survey which is currently ongoing.

This item was received and filed.
3. Recommend Award – Contract FIN16-53, Design-Build-Maintain of the Compressed Natural Gas (CNG) Infrastructure at East Valley and West Valley Fueling Facilities

IPMO Manager Andres Ramirez presented this item and answered several questions from Board members. Why is there a contingency for a D-B-M contract? Although the contractor assumes all the risks, we have the contingency for protection against any unseen conditions. We fuel less at WV, hence the need for only two compressors there vs. three at EV. Only a general contractor’s license is required to do this work. Omnitrans did not verify the experience listed in the proposals, and recommendations were not required. Member Wapner said it doesn’t make sense to ask for references and not check them out. GP Strategies built our existing LCNG facilities, so they are not unknown to Omnitrans, and the Evaluation Committee felt they had the best approach to this contract. Alternate Member Bozar suggested in future presentations; we should present a slide showing the weighted criteria used in the evaluation process. Mike Mackey from GP Strategies was asked to speak on behalf of his firm, which has been building CNG and LCNG facilities since 1998; however, they have not built CNG facilities in California.

M/S (Spagnolo/Wapner) that recommended the Board of Directors authorize the CEO/General Manager to award negotiated Contract FIN16-53 to GP Strategies of Columbia, Maryland, for the Design-Build-Maintain of the Compressed Natural Gas (CNG) infrastructure at the East Valley and West Valley Vehicle Fueling Facilities, which includes maintenance for a one-year base period commencing upon completion and acceptance of construction, in the amount of $730,526.00, and to apply a 3.27% Cost Allocation Plan of $262,770.00 to the contract; and Recommend the Board of Directors provide the CEO/General Manager the authority to exercise three (3) single option maintenance and warranty years in the aggregate amount of $725,128.00, pending verification of references. Motion was unanimous by members present.

F. REMARKS AND ANNOUNCEMENTS

There were no remarks or announcements.

G. ADJOURNMENT

The Operations and Safety Committee adjourned at 8:48 a.m. The next Committee Meeting will be scheduled and posted at Omnitrans and on the Omnitrans website.

Prepared by:

______________________________
Christine Vega, Administrative Secretary
DATE: February 28, 2018

TO: Committee Chair John Roberts and Members of the Operations & Safety Committee

FROM: P. Scott Graham, CEO/General Manager

SUBJECT: PROPOSED 2018 COMMITTEE MEETING SCHEDULE

FORM MOTION

Adopt the proposed Operations & Safety Committee Meeting Schedule for 2018. The Operations & Safety Committee previously met on an as-needed basis, however in an effort to provide consistency, staff is recommending that the Committee meet on a quarterly basis beginning in February 2018 at 9:00 a.m., the fourth Wednesday of the month.

DATE: February 28, 2018

TO: Committee Chair John Roberts and
    Members of the Operations and Safety Committee

FROM: P. Scott Graham, CEO/General Manager
      Diane Caldera, Director of Operations
      Marge Ewing, Director of Human Resources/Safety & Security
      Jacob Harms, Director of Information Technology

SUBJECT: SAFETY AND SECURITY UPDATE

FORM MOTION

Receive and file Informational Brief on security incidents and security measures for Omnitrans’ Customers, Coach Operators and Facilities.

BACKGROUND

The Omnitrans FY2018 Management Plan restates the Agency’s Safety and Security Strategic Initiative. Omnitrans’ outcomes and performance indicators for this initiative are continually being evaluated and significant progress has been achieved. This report is intended to provide an update on improvements that have enhanced our safety and security posture.

Information Technology

The Information Technology Department supports a broad range of systems and hardware intended to enhance security for both customers and personnel. As there have been a number of upgrades completed recently, this presentation is designed to give a brief overview of these main security related systems, including: Onboard Video Surveillance Systems (OBVSS), the Public Address System (PA System), and the Closed Circuit Television System (CCTV) or Facilities Surveillance System.

Operations

The Operations Department has implemented several safety measures to increase bus safety for both passengers and Coach Operators. The results have been significant in reducing workers’ compensation and passenger liability claims. These new safety features include the installation of new wheelchair securement equipment and audible turn signals. In support of the coach operators request to adjust the standee line on all new bus builds, a 2’ft buffer zone giving the Operators a greater distance from passengers to avoid distractions while the coach is in motion has been implemented. In addition, a consultant is reviewing and revising the de-escalation
training and will be on-site March 8-10, to train the Operations Safety Trainers. The consultant will also participate in the Annual Required Training Class for Coach Operators.

**CONCLUSION**

Receive and file Informational Brief on security incidents and security measures for Omnitrans’ Customers, Coach Operators and Facilities.
