NOW, THEREFORE, for the consideration hereinafter stated, the parties agree as follows:

1. SCOPE OF WORK

A. CONTRACTOR will perform the Work and related tasks as described in Attachment A, Scope of Work hereto and is incorporated by reference into and made a part of this Agreement.

B. This is a non-exclusive Agreement, whereby OMNITRANS may, at its sole discretion, augment or supplant the Work with its own forces or forces of another contractor or entity. CONTRACTOR will cooperate fully with OMNITRANS’ staff or other contractor or entity that may be providing similar or the same Work for OMNITRANS.

2. PERIOD OF PERFORMANCE

The term of this Agreement shall be from the date of execution of this Agreement and continue in effect through June 2, 2022, unless terminated as specified in Section 10 and 11 of this Agreement. Omnitrans has no obligation to purchase any specified amount of products/services. All applicable indemnification provisions in this Agreement shall remain in effect following the termination of this Agreement.
3. COMPENSATION

For CONTRACTOR’s full and complete performance of its obligations under this Agreement, OMNITRANS shall pay CONTRACTOR on a FIXED PRICE basis at the fully burdened fixed rates shown in Attachment C, and subject to the maximum cumulative payment obligation.

OMNITRANS’ maximum cumulative payment obligation under this Agreement shall not exceed Forty Thousand Dollars ($40,000), including all amounts payable to CONTRACTOR for all costs, including but not limited to direct labor, other direct costs, subcontracts, indirect costs including, but not limited to, leases, materials, taxes, insurance, and profit.

B. OMNITRANS shall remit payment within thirty (30) calendar days of approval of the invoices by OMNITRANS’ Project Manager.

In the event OMNITRANS should overpay CONTRACTOR, such overpayment shall not be construed as a waiver of OMNITRANS’ right to obtain reimbursement for the overpayment. Upon discovering any overpayment, either on its own or upon notice of OMNITRANS, CONTRACTOR shall immediately reimburse OMNITRANS the entire overpayment or, at its sole discretion, OMNITRANS may deduct such
overpayment amount from monies due to CONTRACTOR under this Agreement or any other Agreement between OMNITRANS and CONTRACTOR.

C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.
D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans’ title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

5. AUDIT AND INSPECTION OF RECORDS

CONTRACTOR agrees that OMNITRANS or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, time cards, employment records or other records relating to this Agreement. Such material, including all pertinent cost, accounting, financial records, and proprietary data must be kept and maintained by CONTRACTOR for a period of three (3) years after completion of this Agreement unless OMNITRANS’ written permission is given to CONTRACTOR to dispose of material prior to this time.

D. In the event OMNITRANS terminates this Agreement as provided in this Section, OMNITRANS may procure, upon such terms and in such manner as OMNITRANS may deem appropriate, work similar in scope and level of effort to those so terminated, and CONTRACTOR shall be liable to OMNITRANS for all of its costs and damages, including, but not limited, any excess costs for such Work.

E. All finished or unfinished documents and materials produced or procured under this Agreement shall become OMNITRANS’ property upon date of such termination.
F. If, after notice of termination of this Agreement under the provisions of this Section, it is determined for any reason that CONTRACTOR was not in default under the provisions of this Section, or that the default was excusable under the terms of this Agreement, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Section 10, Termination for Convenience.

CONTRACTOR will cooperate fully with OMNITRANS’ staff or other contractor or entity that may be providing similar or the same Work for OMNITRANS.

2. PERIOD OF PERFORMANCE

   The term of this Agreement shall be from the date of execution of this Agreement and continue in effect through June 2, 2022, unless terminated as specified in Section 10 and 11 of this Agreement. C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.
D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans' title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

C. Prompt Payment Clause

Omnitran has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitran. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitran after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitran at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitran will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.
D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans’ title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment
requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans’ title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

NOW, THEREFORE, for the consideration hereinafter stated, the parties agree as follows:

1. SCOPE OF WORK

   A. CONTRACTOR will perform the Work and related tasks as described in Attachment A, Scope of Work hereto and is incorporated by reference into and made a part of this Agreement.

   B. This is a non-exclusive Agreement, whereby OMNITRANS may, at its sole discretion, augment or supplant the Work with its own forces or forces of another contractor or entity. CONTRACTOR will cooperate fully with OMNITRANS’ staff or other contractor or entity that may be providing similar or the same Work for OMNITRANS.

2. PERIOD OF PERFORMANCE

   The term of this Agreement shall be from the date of execution of this Agreement and continue in effect through July 18, 2023, unless terminated as specified in Section 10 and 11 of this Agreement. Omnitrans has no obligation to purchase any specified amount of products/services. All applicable indemnification provisions in this Agreement shall remain in effect following the termination of this Agreement.
Omnitrans’ election to extend the Agreement beyond the Initial Term shall not diminish its right to terminate the Agreement for Omnitrans’ convenience or CONTRACTORS default as provided elsewhere in this Agreement.

3. CONTRACT OPTIONS

N/A

4. COMPENSATION

For CONTRACTOR’s full and complete performance of its obligations under this Agreement, OMNITRANS shall pay CONTRACTOR on a FIXED PRICE basis at the fully burdened fixed rates shown in Attachment C, and subject to the maximum cumulative payment obligation.

OMNITRANS’ maximum cumulative payment obligation under this Agreement shall not exceed Fifty-Nine Thousand Sixty Dollars ($59,060), including all amounts payable to CONTRACTOR for all costs, including but not limited to direct labor, other direct costs, subcontracts, indirect costs including, but not limited to, leases, materials, taxes, insurance, and profit.

A separate invoice shall be used for each shipment. Each invoice shall include, at minimum, the following information:

- Contract number
- Invoice number
- Description of delivery
- Delivery Date
- Total quantity delivered
- Information as requested by OMNITRANS
B. OMNITRANS shall remit payment within thirty (30) calendar days of approval of the invoices by OMNITRANS’ Project Manager.

In the event OMNITRANS should overpay CONTRACTOR, such overpayment shall not be construed as a waiver of OMNITRANS’ right to obtain reimbursement for the overpayment. Upon discovering any overpayment, either on its own or upon notice of OMNITRANS, CONTRACTOR shall immediately reimburse OMNITRANS the entire overpayment or, at its sole discretion, OMNITRANS may deduct such overpayment amount from monies due to CONTRACTOR under this Agreement or any other Agreement between OMNITRANS and CONTRACTOR.

C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment
requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans’ title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

6. AUDIT AND INSPECTION OF RECORDS

CONTRACTOR agrees that OMNITRANS or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, time cards, employment records or other records relating to this Agreement. Such material, including all pertinent cost, accounting, financial records, and proprietary data must be kept and maintained by CONTRACTOR for a period of three (3) years after completion of this Agreement unless OMNITRANS’ written permission is given to CONTRACTOR to dispose of material prior to this time.

11. TERMINATION FOR BREACH OF AGREEMENT

A. If CONTRACTOR does not cure such default or provide a plan to cure such default which is acceptable to OMNITRANS within the time permitted by OMNITRANS, then OMNITRANS may terminate this Agreement due to CONTRACTOR’s breach of this Agreement.

B. If a federal or state proceeding for relief of debtors is undertaken by or against CONTRACTOR, or if CONTRACTOR makes an assignment for the benefit of creditors, then OMNITRANS may immediately terminate this Agreement.

C. If CONTRACTOR violates Section 29, Compliance with Lobbying Policies, of this Agreement, then OMNITRANS may immediately terminate this Agreement.

D. the parties shall be the same as if the notice of termination had been issued pursuant to Section 10, Termination for Convenience.

G. The rights and remedies of OMNITRANS provided in this Article shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

12. ASSIGNMENT

13. SUBCONTRACTING

A. OMNITRANS hereby consents to CONTRACTOR’s subcontracting of portions of the Work to the parties identified below for the functions described in CONTRACTOR’s proposal. C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment
requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans’ title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

6. AUDIT AND INSPECTION OF RECORDS

CONTRACTOR agrees that OMNITRANS or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, time cards, employment records or other records relating to this Agreement. Such material, including all pertinent cost, accounting, financial records, and proprietary data must be kept and maintained by CONTRACTOR for a period of three (3) years after completion of this Agreement unless OMNITRANS’ written permission is given to CONTRACTOR to dispose of material prior to this time.

7. NOTIFICATION

C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment
requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

D. TITLE

a. Title shall pass to Omnitrans at the time of payment.

b. The title transferred as above shall in each case be good, and free and clear from any and all security interests, liens, and/or other encumbrances.

c. The transfer of title as specified above shall not imply Acceptance by Omnitrans, nor relieve the Contractor from the responsibility for strict compliance with the Contract, including warranty as specified in the Article entitled Warranty of Work, and for any loss of or damage to the Work.

d. The Contractor at its own expense shall promptly execute, acknowledge, and deliver to the Omnitrans proper bills of sale or other written instruments of title in a form as required by Omnitrans; said instruments shall convey to the Omnitrans' title free and clear of debts, claims, liens, mortgages, taxes, and/or encumbrances.

e. Contractor shall have title to and bear the risk of any loss of or damage to Work purchased hereunder until they are delivered, unloaded, and received by Omnitrans at the FOB Destination specified herein. Contractor’s responsibility for loss or damage except for loss or damage resulting from Contractor’s negligence, shall cease when title passes to Omnitrans.

Davis-Bacon and Copeland Anti-Kickback Acts

(1) Minimum wages - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional
classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a) (1) (v) (B) or (C) of this section, shall be paid to all workers performing work in the Classification under this contract from the first day on which work is performed in the classification.
(2) **Withholding** - Omnitrans shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, Omnitrans may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b) (2) (B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Omnitrans for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a) (3) (i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.
(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to
journeymen on the job site in any craft classification shall not be greater than the ratio permitted to
the contractor as to the entire work force under the registered program. Any worker listed on a
payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above,
shall be paid not less than the applicable wage rate on the wage determination for the classification
of work actually performed. In addition, any apprentice performing work on the job site in excess
of the ratio permitted under the registered program shall be paid not less than the applicable wage
rate on the wage determination for the work actually performed. Where a contractor is performing
construction on a project in a locality other than that in which its program is registered, the ratios
and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the
contractor's or subcontractors registered program shall be observed. Every apprentice must be
paid at not less than the rate specified in the registered program for the apprentice's level of
progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage
determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the
apprenticeship program. If the apprenticeship program does not specify fringe benefits,
apprentices must be paid the full amount of fringe benefits listed on the wage determination for
the applicable classification. If the Administrator of the Wage and Hour Division of the U.S.
Department of Labor determines that a different practice prevails for the applicable apprentice
classification, fringes shall be paid in accordance with that determination. In the event the Bureau
of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau,
withdraws approval of an apprenticeship program, the contractor will no longer be permitted to
utilize apprentices at less than the applicable predetermined rate for the work performed until an
acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less
than the predetermined rate for the work performed unless they are employed pursuant to and
individually registered in a program which has received prior approval, evidenced by formal
certification by the U.S. Department of Labor, Employment and Training Administration. The
ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan
approved by the Employment and Training Administration. Every trainee must be paid at not less
than the rate specified in the approved program for the trainee's level of progress, expressed as a
percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees
shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee
program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits
listed on the wage determination unless the Administrator of the Wage and Hour Division
determines that there is an apprenticeship program associated with the corresponding journeyman
wage rate on the wage determination which provides for less than full fringe benefits for
apprentices. Any employee listed on the payroll at a trainee rate that is not registered and
participating in a training plan approved by the Employment and Training Administration shall be
paid not less than the applicable wage rate on the wage determination for the classification of work
actually performed. In addition, any trainee performing work on the job site in excess of the ratio
permitted under the registered program shall be paid not less than the applicable wage rate on the
wage determination for the work actually performed. In the event the Employment and Training
Administration withdraws approval of a training program, the contractor will no longer be
permitted to utilize trainees at less than the applicable predetermined rate for the work performed
until an acceptable program is approved.
(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) Compliance with Copeland Act requirements - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

Applicability to Contracts

The Seismic Safety requirements apply only to contracts for the construction of new buildings or additions to existing buildings.

Flow Down

The Seismic Safety requirements flow down from FTA recipients and subrecipients to first tier contractors to assure compliance, with the applicable building standards for Seismic Safety, including the work performed by all subcontractors.

Model Clauses/Language

The regulations do not provide suggested language for third-party contract clauses. The following language has been developed by FTA.

Seismic Safety - The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation Seismic Safety Regulations 49 CFR Part 41 and will certify to compliance to the extent required by the regulation. The contractor also agrees to ensure that all work performed under this contract including work performed by a subcontractor is in compliance with the standards required by the Seismic Safety Regulations and the certification of compliance issued on the project.

Required Clauses for Awards Exceeding $10,000

TERMINATION 49 U.S.C. Part 18 FTA Circular 4220.1F

Applicability to Contracts

All contracts (with the exception of contracts with nonprofit organizations and institutions of higher education,) in excess of $10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. (For contracts with nonprofit organizations and institutions of higher education the threshold is $100,000.) In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

Flow Down

The termination requirements flow down to all contracts in excess of $10,000, with the exception of contracts with nonprofit organizations and institutions of higher learning.
a. **Termination for Convenience (General Provision)** Omnitrans may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Omnitrans to be paid the Contractor. If the Contractor has any property in its possession belonging to the Omnitrans, the Contractor will account for the same, and dispose of it in the manner the Omnitrans directs.

b. **Opportunity to Cure (General Provision)** Omnitrans in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to Omnitrans’ satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from Omnitrans setting forth the nature of said breach or default, Omnitrans shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Omnitrans from also pursuing all available remedies against Contractor and its sureties for said breach or default.

c. **Waiver of Remedies for any Breach** In the event that Omnitrans elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by Omnitrans shall not limit Omnitrans remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

d. **Termination for Default (Construction)** If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, Omnitrans may terminate this contract for default. Omnitrans shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, Omnitrans may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to Omnitrans resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Omnitrans in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-
1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of the Recipient, acts of another Contractor in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. The contractor, within [10] days from the beginning of any delay, notifies Omnitrans in writing of the causes of delay. If in the judgment of Omnitrans, the delay is excusable, the time for completing the work shall be extended. The judgment of Omnitrans shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Omnitrans.

DAVIS-BACON AND COPELAND ANTI-KICKBACK ACTS

Background and Application
The Davis-Bacon and Copeland Acts are codified at 40 USC 3141, et seq. and 18 USC 874. The Acts apply to grantee construction contracts and subcontracts that “at least partly are financed by a loan or grant from the Federal Government.” 40 USC 3145(a), 29 CFR 5.2(h), 49 CFR 18.36(i)(5). The Acts apply to any construction contract over $2,000. 40 USC 3142(a), 29 CFR 5.5(a). ‘Construction,’ for purposes of the Acts, includes “actual construction, alteration and/or repair, including painting and decorating.” 29 CFR 5.5(a). The requirements of both Acts are incorporated into a single clause (see 29 CFR 3.11) enumerated at 29 CFR 5.5(a) and reproduced below.

The clause language is drawn directly from 29 CFR 5.5(a) and any deviation from the model clause below should be coordinated with counsel to ensure the Acts’ requirements are satisfied.

Clause Language
Davis-Bacon and Copeland Anti-Kickback Acts

(1) Minimum wages - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-
Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
(2) The classification is utilized in the area by the construction industry; and
(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and
(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a) (1) (v) (B) or (C) of this section, shall be paid to all workers performing work in the Classification under this contract from the first day on which work is performed in the classification.

(2) Withholding - Omnitrans shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor
under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, Omnitrans may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Omnitrans for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to an individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess
of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.
(5) **Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility** - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

PLANNING, RESEARCH, DEVELOPMENT AND DEMONSTRATION PROJECTS

PATENT RIGHTS

a. General. If any invention, improvement, or discovery of the Recipient or of any subrecipient, lessee, third party contractor, or other participant at any tier of the Project is conceived or first actually reduced to practice in the course of or under the Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Recipient agrees to notify FTA immediately and provide a detailed report in a format satisfactory to FTA.

b. Federal Rights. The Recipient agrees that its rights and responsibilities, and those of each subrecipient, lessee, third party contractor, or other participant at any tier of the Project, pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Absent a determination in writing to the contrary by the Federal Government, the Recipient agrees to transmit to FTA those rights due the Federal Government in any invention, improvement, or discovery resulting from that subagreement, third party contract, third party subcontract, or arrangement, as specified in 35 U.S.C. §§ 200 et seq., and U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 C.F.R. Part 401, irrespective of the status of the Recipient, subrecipient, lessee, third party contractor or other participant in the Project (i.e., a large business, small business, State government, State instrumentality, local government, Indian tribe, nonprofit organization, institution of higher education, or individual).

c. License Fees and Royalties. FTA considers income earned from license fees and royalties for patents, patent applications, and inventions produced under the Project to be program income. Except to the extent FTA determines otherwise in writing, as provided in 49 C.F.R. Parts 18 and 19, the Recipient has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C. §§ 200 et seq., which applies to patent rights developed under a research project.

RIGHTS IN DATA AND COPYRIGHTS

a. Definition. The term “subject data,” as used in this Section 18 of this Master Agreement means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Grant Agreement or Cooperative Agreement for the Project. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. “Subject data” do not include financial reports, cost analyses, or other similar information used for Project administration.

b. General. The following restrictions apply to all subject data first produced in the performance of the Grant Agreement or Cooperative Agreement for the Project:

(1) Except for its own internal use, the Recipient may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Recipient authorize others to do so,
without the prior written consent of the Federal Government, unless the Federal Government has previously released or approved the release of such data to the public.

(2) The restrictions on publication of Paragraph 18.b(1) of this Master Agreement, however, do not apply to a Grant Agreement or Cooperative Agreement with an institution of higher learning.

c. Federal Rights in Data and Copyrights. The Recipient agrees to provide to the Federal Government a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for Federal Government purposes the subject data described in this Subsection 18.c of this Master Agreement. As used herein, “for Federal Government purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not provide or otherwise extend to other parties the Federal Government’s license to:

(1) Any subject data developed under the Grant Agreement or Cooperative Agreement for the Project, or under a subagreement, lease, third party contract or other arrangement at any tier of the Project, supported with Federal assistance derived from the Grant Agreement or Cooperative Agreement for the Project, whether or not a copyright has been obtained; and

(2) Any rights of copyright to which a Recipient, subrecipient, lessee, third party contractor, or other participant at any tier of the Project purchases ownership using Federal assistance.

d. Special Federal Rights in Data for Research, Development, Demonstration, and Special Studies Projects. In general, FTA’s purpose in providing Federal assistance for a research, development, demonstration, or special studies Project is to increase transportation knowledge, rather than limit the benefits of the Project to Project participants. Therefore, when the Project is completed, the Recipient agrees to provide a Project report that FTA may publish or make available for publication on the Internet. In addition, the Recipient agrees to provide other reports pertaining to the Project that FTA may request. The Recipient agrees to identify clearly any specific confidential, privileged, or proprietary information it submits to FTA. In addition, except to the extent that FTA determines otherwise in writing, the Recipient of Federal assistance to support a research, development, demonstration, or a special studies Project agrees that, in addition to the rights in data and copyrights that it must provide to the Federal Government as set forth in Subsection 18.c of this Master Agreement, FTA may make available to any FTA recipient, subrecipient, third party contractor, third party subcontractor or other participant at any tier of the Project, either FTA’s license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under the Project shall become subject data as defined in Subsection 18.a of this Master Agreement and shall be delivered as the Federal Government may direct. This Subsection 18.d, however, does not apply to adaptations of automatic data processing equipment or programs for the Recipient’s use when the costs thereof are financed with Federal assistance through an FTA capital program.

e. License Fees and Royalties. FTA considers income earned from license fees and royalties for copyrighted material, or trademarks produced under the Project to be program income. Except to the extent FTA determines otherwise in writing, as provided in 49 C.F.R. Parts 18 and 19, the Recipient has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C. §§ 200 et seq., which applies to patent rights developed under a research project.
f. Hold Harmless. Except as prohibited or otherwise limited by State law or except to the extent that FTA determines otherwise in writing, upon request by the Federal Government, the Recipient agrees to indemnify, save, and hold harmless the Federal Government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Recipient of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project. The Recipient shall not be required to indemnify the Federal Government for any such liability caused by the wrongful acts of Federal employees or agents.

g. Restrictions on Access to Patent Rights. Nothing in Section 18 of this Master Agreement pertaining to rights in data shall either imply a license to the Federal Government under any patent or be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.

h. Data Developed Without Federal Funding or Support. In connection with the Project, the Recipient may find it necessary to provide data to FTA developed without any Federal funding or support by the Federal Government. The requirements of Subsections 18.b, 18.c, and 18.d of this Master Agreement do not apply to data developed without Federal funding or support by the Federal Government, even though that data may have been used in connection with the Project. Nevertheless, the Recipient understands and agrees that the Federal Government will not be able to protect data from unauthorized disclosure unless that data is clearly marked “Proprietary” or “Confidential.”

i. Requirements to Release Data. To the extent required by U.S. DOT regulations, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” at 49 C.F.R. § 19.36(d), or other applicable Federal laws or Federal regulations, the Recipient understands and agrees that the data and information it submits to the Federal Government may be required to be released in accordance with the Freedom of Information Act (or another Federal law or Federal regulation providing access to such records).

PRIVACY ACT - 5 U.S.C. 552

Applicability to Contracts

When a grantee maintains files on drug and alcohol enforcement activities for FTA, and those files are organized so that information could be retrieved by personal identifier, the Privacy Act requirements apply to all contracts.

Flow Down
The Federal Privacy Act requirements flow down to each third party contractor and their contracts at every tier.

Model Clause/Language
The text of the following clause has not been mandated by statute or specific regulation, but has been developed by FTA.

Contracts Involving Federal Privacy Act Requirements - The following requirements apply to the Contractor and its employees that administer any system of records on behalf of the Federal Government under any contract:
(1) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

(2) The Contractor also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

**RR-06**  
**VETERANS PREFERENCE**  
Veterans Employment. Contractors working on a capital project funded using FTA assistance shall give a hiring preference, to the extent practicable, to veterans (as defined in section 2108 of title 5) who have the requisite skills and abilities to perform the construction work required under the contract. This subsection shall not be understood, construed or enforced in any manner that would require an employer to give preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or former employee.

**END OF REGULATORY REQUIREMENTS**
I. Purpose
It is the policy of Omnitrans to maintain a work environment that is safe for all persons, including the community, and conducive to attaining high work standards. To achieve these objectives, the Agency prohibits the possession of firearms and weapons in the work place, regardless of any license or permit that an individual may have which otherwise authorizes the individual to carry firearms or weapons.

It is illegal and a criminal violation to possess weapons in public buildings (California Penal Code 171b and 171.7).

II. Scope
This policy applies to all Omnitrans employees, including but not limited to staffing agency workers and contractors working for or with the Agency at any time, regardless of whether the Agency is the actual employer.

Possession of firearms and weapons is prohibited at all Omnitrans’ offices, parking lots, agency vehicles and job sites, and in all Agency vehicles.

The following person/s are exempt from this policy as stated: a guard of a contract carrier operating an armored vehicle, and any law enforcement officer who is carrying out official duties engaged in protecting and preserving property or life within the scope of his or her employment.

Omnitrans will strictly enforce this policy. Violation of this policy will result in immediate disciplinary action, up to and including termination.

III. Procedure

A. COMMUNICATION OF POLICY

(a) Each employee of the Agency shall receive a copy of this policy at the time of his/her hire and shall sign a copy of the acknowledgment. Employees who were employed before the effective date of this policy shall also receive a copy of this policy and shall sign a copy of the acknowledgment. A copy of the signed acknowledgment and of all new and revised policies throughout the employee’s employment shall be maintained in each employee’s personnel file.

(b) A copy of this policy shall be attached to each contractor’s contract, and shall become a part of its contract. The contractor shall be responsible for communicating this policy to its employees and any subcontractors to which the contractor sublets any portion of its contract.
B. PROHIBITED CONDUCT

(a) The transportation of firearms or weapons in Agency vehicles is prohibited. This includes but is not limited to:
   (1) to and from work,
   (2) when conducting Agency business,
   (3) at all times in Agency-owned or leased vehicles.

(b) The possession or carrying of permitted and non-permitted firearms or weapons while at Agency buildings, parking lots, sponsored events, and job sites.

(c) Exception: Power actuated tools which are manufactured for the use of fastening building materials and sanctioned tools for the purpose of performing Agency job duties are not subject to this policy.

C. SEARCH

(a) OmniTrans reserves the right to conduct reasonable, unannounced searches of Agency premises and personal searches of employees and others while entering, on, or leaving Agency premises, including, but not limited to, personal effects, vehicles, lockers, desks, tool boxes, clothing, meal containers, and baggage. Searches will be conducted when the Agency has a reasonable suspicion to believe that a particular employee may be in possession of a weapon or firearm.

(b) “Reasonable suspicion” is defined as a suspicion that is based on specific personal observations such as an employee’s manner, disposition, behavior, speech, information provided to management by an employee, by law enforcement officials, by a security service, or by other persons believed to be reliable, or a suspicion that is based on other surrounding circumstances.

(c) Individuals refusing to allow an inspection will not be detained or forced to submit to the inspection. Refusal violates Agency policy and constitutes an act of insubordination constituting disciplinary action, up to and including separation of the employment relationship. Non-employees who refuse to allow an inspection will not be permitted on Agency premises and will be required to immediately leave the premises. Employees will be relieved of all duties while pending investigation.

D. DISCIPLINE

(a) Violations of any portion of this policy will subject the employee to discipline,
(b) Violations by a contractor’s employee or subcontractor of any portion of this policy may constitute a breach of contract and regardless will mandate the immediate removal of the contractor’s employee from Agency premises, prohibition against the individual accessing Agency premises in the future, and may also constitute a breach of contract.

E. REPORT OF VIOLATIONS

1. Employee Violations

Employees are required to report violations of this policy without regard to the relationship between the individual who initiates the prohibited behavior and the individual reporting it. An employee who believes that another employee may be in violation of this policy must report the alleged violation to the employee’s manager or supervisor, the department director, security, or the appropriate departmental Human Resources representative.

Departments are responsible for implementing this policy. The Agency will promptly investigate allegations of violations of this policy.

Omnitrans reserves the right to authorize searches for prohibited weapons on its property when a violation is reported or when probable cause or reasonable suspicion is present consistent with law.

Employees should be aware that there is no reasonable expectation of privacy with respect to weapons in the workplace. The Agency’s right to conduct searches includes, but is not limited to, such areas and items as lockers, desks, workstations, offices, purses, briefcases, bags, toolboxes, and lunch bags.

Searches of the employee’s work area and belongings, as described above, may be conducted by the Security & Emergency Preparedness Coordinator, or designee. Searches of all types, including surrounding agency property, personal property and the employee may be conducted by law enforcement in accordance with law should reasonable suspicion be present. Any weapon found in violation of this policy may be confiscated. Refusal to permit a search may result in discipline, up to and including separation.

2. Visitor Violations

Visitors are not allowed to carry a weapon on the premises. Any visitor carrying a weapon into a posted no-carry agency facility is creating an elevated risk to security and safety that warrants a response leading to compliance with the law. If the visitor
poses an immediate risk to security or safety, law enforcement shall be notified immediately by calling 9-911. The visitor shall be considered an immediate risk to safety and security if he/she is acting in an aggressive, belligerent, confrontational, suspicious or in an otherwise questionable manner while carrying a weapon.

F. FALSE REPORTS

Employees making intentionally false and malicious complaints of weapons in the workplace will be subject to disciplinary action, up to and including separation and/or will be reported to the proper authorities as appropriate.

G. ROLES AND RESPONSIBILITIES

Employees are responsible for understanding and complying with the Policy Prohibiting Weapons in the Workplace.

Whenever there is a question as to whether an instrument, article or substance is considered a weapon in violation of this policy, it is the employee’s responsibility to seek clarification. Employees seeking clarification should direct their questions to the agency’s Security & Emergency Preparedness Coordinator at 909-379-7117 prior to bringing the item(s) to Omnitrans work sites and events, as well as agency-owned or leased facilities or vehicles.

H. SAFETY FIRST

In applying this policy, no employee shall take any action that will risk his or her own safety or the safety of other individuals. No attempt should ever be made by an employee to restrain or forcibly evict an armed person from agency premises.

An individual’s continued non-compliance after being properly informed of the law (California Penal Code 171 (b)) will result in notification to law enforcement and discipline, up to and including separation of employment. Employees should notify security immediately.

An employee who feels an imminent danger to his or her own safety or the safety of others, should avoid any interaction with the individual. Immediately contact law enforcement by calling 9-911 and security at 909-379-7117.

I. ANTI-RETALIATION PROVISION

Omnitrans strictly prohibits any retaliation against an employee who has reported a possible breach of policy. If an employee feels that he or she has been subjected to retaliation in violation of this policy, the employee must immediately report it to his or her supervisor or other designated Human Resources representative.

REQUITALS

WHEREAS, OMNITRANS is a joint powers authority organized under Section 6500 et seq. of the California Government Code with power to contract for services described in Attachment A to this Agreement entitled “Attachment A, Scope of Work” (hereinafter referred to as “Work”);

WHEREAS, CONSULTANT has indicated it is qualified to perform such services and (1) has reviewed all the available data furnished by OMNITRANS pertinent to the Work to be rendered; (2) has inspected and reviewed the Work to be rendered; (3) will exercise the ordinary care and skill expected of a practitioner in its profession; and (4) is willing to accept responsibility of performing the Work set forth in this Agreement for the compensation and in accordance with the terms, requirements and conditions herein specified;

NOW, THEREFORE, for the consideration hereinafter stated, the parties agree as follows:

1. SCOPE OF WORK

A. CONSULTANT will perform the Work and related tasks as described in Attachment A, Scope of Work hereto and is incorporated by reference into and made a part of this Agreement.

B. This is a non-exclusive Agreement, whereby OMNITRANS may, at its sole discretion, augment or supplant the Work with its own forces or forces of another consultant or entity. CONSULTANT will cooperate fully with OMNITRANS' staff or other consultant or entity that may be providing similar or the same Work for OMNITRANS.

2. PERIOD OF PERFORMANCE

The term of this Agreement shall be from the date of execution of this Agreement and continue in effect through ________________________, unless terminated as specified in Section 10 and 11 of this Agreement. Omnitrans has no obligation to purchase any specified amount of products/services. All applicable indemnification provisions in this Agreement shall remain in effect following the termination of this Agreement.
Omnitrans’ election to extend the Agreement beyond the Initial Term shall not diminish its right to terminate the Agreement for Omnitrans’ convenience or CONSULTANTS default as provided elsewhere in this Agreement. The “maximum term” of this Agreement shall be the period extended from _________ through _________, which period encompasses the Initial Term and the Option Year One and Option Year Two.

3. CONTRACT OPTIONS

A. Omnitrans will have the unilateral right in the contract by which, for a specified time, Omnitrans may elect to purchase additional services called for by the contract, or may elect to extend the term of the contract. The requirements below apply:

1) Any options that were requested by Omnitrans and/or contained in the Consultant’s PROPOSAL or offer must have been evaluated in making the contract award prior to exercising any such options.

2) Since Consultant’s proposed pricing for the option years and additional services are considered in evaluating the Consultant’s original proposal and form the basis for awarding the contract, Consultant shall be bound by the proposal pricing for additional services and/or option years, unless otherwise provided herein.

B. Omnitrans will provide a minimum of thirty days (30) written notice to the Consultant of Omnitrans’ exercise of its option to extend the contract years. Omnitrans may give notice of its exercise of the option for additional services at any time during the term of the contract. The minimum time for the written notice may be waived by mutual agreement.

4. COMPENSATION

For CONSULTANT’s full and complete performance of its obligations under this Agreement, OMNITRANS shall pay CONSULTANT on a FIXED PRICE basis at the fully burdened fixed rates shown in Attachment C, and subject to the maximum cumulative payment obligation.

OMNITRANS’ maximum cumulative payment obligation under this Agreement shall not exceed Three Hundred Thousand Dollars ($300,000), including all amounts payable to CONSULTANT for all costs, including but not limited to direct labor, other direct costs, subcontracts, indirect costs including, but not limited to, leases, materials, taxes, insurance, and profit.

- Delivery Date

- Information as requested by OMNITRANS  

B. OMNITRANS shall remit payment within thirty (30) calendar days of approval of the invoices by OMNITRANS’ Project Manager.  

In the event OMNITRANS should overpay CONSULTANT, such overpayment shall not be construed as a waiver of OMNITRANS’ right to obtain reimbursement for the overpayment. Upon discovering any overpayment, either on its own or upon notice of OMNITRANS, CONSULTANT shall immediately reimburse OMNITRANS the entire overpayment or, at its sole discretion, OMNITRANS may deduct such overpayment amount from monies due to CONSULTANT under this Agreement or any other Agreement between OMNITRANS and CONSULTANT.  

C. Prompt Payment Clause  

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subconsultants. This provision, governing the payment to subconsultants (DBEs and non-DBEs), requires the Prime Consultant to issue payment to all subconsultants for satisfactory work performed, no later than seven (7) days from Consultant’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Consultant, requiring the prompt return of retention payments from Consultant to the subconsultant no later than seven (7) days Omnitrans after the subconsultant’s work is satisfactorily completed. Prime Consultant will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Consultant with respect to this Contract.
In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Consultant and require a contract clause obligating Prime Consultant to make prompt and full payment of any retainage kept by Prime Consultant to the subconsultant within 7 days after the subconsultant’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subconsultant for every month that payment is not made.

Consultant will not be reimbursed for work performed by subconsultants unless and until the consultant ensures that the subconsultants are promptly paid for the work performed. Consultant shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should consultant fail to meet subconsultant prompt payment requirements for two (2) consecutive subconsultant payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

6. AUDIT AND INSPECTION OF RECORDS

CONSULTANT agrees that OMNITRANS or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, time cards, employment records or other records relating to this Agreement. Such material, including all pertinent cost, accounting, financial records, and proprietary data must be kept and maintained by CONSULTANT for a period of three (3) years after completion of this Agreement unless OMNITRANS' written permission is given to CONSULTANT to dispose of material prior to this time.

DAVIS-BACON AND COPELAND ANTI-KICKBACK ACTS

Background and Application

The Acts apply to grantee construction contracts and subcontracts that “at least partly are financed by a loan or grant from the Federal Government.” 40 USC 3145(a), 29 CFR 5.2(b), 49 CFR 18.36(i) (5). The Acts apply to any construction contract over $2,000. 40 USC 3142(a), 29 CFR 5.5(a). ‘Construction,’ for purposes of the Acts, includes “actual construction, alteration and/or repair, including painting and decorating.” 29 CFR 5.5(a). The requirements of both Acts are incorporated into a single clause (see 29 CFR 3.11) enumerated at 29 CFR 5.5(a) and reproduced below.

The clause language is drawn directly from 29 CFR 5.5(a) and any deviation from the model clause below should be coordinated with counsel to ensure the Acts’ requirements are satisfied.

Clause Language
Davis-Bacon and Copeland Anti-Kickback Acts

(1) Minimum wages - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional
classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a) (1) (v) (B) or (C) of this section, shall be paid to all workers performing work in the Classification under this contract from the first day on which work is performed in the classification.
(2) **Withholding** - Omnitrans shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, Omnitrans may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b) (2) (B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Omnitrans for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a) (3) (i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.
B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to
journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
(iii) **Equal employment opportunity** - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) **Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility** - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

Applicability to Contracts

The Seismic Safety requirements apply only to contracts for the construction of new buildings or additions to existing buildings.

Flow Down

The Seismic Safety requirements flow down from FTA recipients and subrecipients to first tier contractors to assure compliance, with the applicable building standards for Seismic Safety, including the work performed by all subcontractors.

Model Clauses/Language

The regulations do not provide suggested language for third-party contract clauses. The following language has been developed by FTA.

Seismic Safety - The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation Seismic Safety Regulations 49 CFR Part 41 and will certify to compliance to the extent required by the regulation. The contractor also agrees to ensure that all work performed under this contract including work performed by a subcontractor is in compliance with the standards required by the Seismic Safety Regulations and the certification of compliance issued on the project.

Required Clauses for Awards Exceeding $10,000

Applicability to Contracts

All contracts (with the exception of contracts with nonprofit organizations and institutions of higher education,) in excess of $10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. (For contracts with nonprofit organizations and institutions of higher education the threshold is $100,000.) In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

Flow Down

The termination requirements flow down to all contracts in excess of $10,000, with the exception of contracts with nonprofit organizations and institutions of higher learning.
a. **Termination for Convenience (General Provision)** Omnitrans may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Omnitrans to be paid the Contractor. If the Contractor has any property in its possession belonging to the Omnitrans, the Contractor will account for the same, and dispose of it in the manner the Omnitrans directs.

b. **Opportunity to Cure (General Provision)** Omnitrans in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to Omnitrans’ satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from Omnitrans setting forth the nature of said breach or default, Omnitrans shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Omnitrans from also pursuing all available remedies against Contractor and its sureties for said breach or default.

c. **Waiver of Remedies for any Breach** In the event that Omnitrans elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by Omnitrans shall not limit Omnitrans remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

d. **Termination for Default (Construction)** If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, Omnitrans may terminate this contract for default. Omnitrans shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, Omnitrans may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to Omnitrans resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Omnitrans in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-
1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of the Recipient, acts of another Contractor in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. The contractor, within [10] days from the beginning of any delay, notifies Omnitrans in writing of the causes of delay. If in the judgment of Omnitrans, the delay is excusable, the time for completing the work shall be extended. The judgment of Omnitrans shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Omnitrans.

DAVIS-BACON AND COPELAND ANTI-KICKBACK ACTS

Background and Application
The Davis-Bacon and Copeland Acts are codified at 40 USC 3141, et seq. and 18 USC 874. The Acts apply to grantee construction contracts and subcontracts that “at least partly are financed by a loan or grant from the Federal Government.” 40 USC 3145(a), 29 CFR 5.2(h), 49 CFR 18.36(i) (5). The Acts apply to any construction contract over $2,000. 40 USC 3142(a), 29 CFR 5.5(a). ‘Construction,’ for purposes of the Acts, includes “actual construction, alteration and/or repair, including painting and decorating.” 29 CFR 5.5(a). The requirements of both Acts are incorporated into a single clause (see 29 CFR 3.11) enumerated at 29 CFR 5.5(a) and reproduced below.

The clause language is drawn directly from 29 CFR 5.5(a) and any deviation from the model clause below should be coordinated with counsel to ensure the Acts’ requirements are satisfied.

Clause Language
Davis-Bacon and Copeland Anti-Kickback Acts

(1) Minimum wages - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-
Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1. Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
2. The classification is utilized in the area by the construction industry; and
3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and
4. With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a) (1) (v) (B) or (C) of this section, shall be paid to all workers performing work in the Classification under this contract from the first day on which work is performed in the classification.

(2) Withholding - Omnitrans shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor
under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, Omnitrans may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Omnitrans for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) **Apprentices and trainees** - (i) **Apprentices** - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess
of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.
(5) **Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility** - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

PATENT RIGHTS

a. General. If any invention, improvement, or discovery of the Recipient or of any subrecipient, lessee, third party contractor, or other participant at any tier of the Project is conceived or first actually reduced to practice in the course of or under the Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Recipient agrees to notify FTA immediately and provide a detailed report in a format satisfactory to FTA.

Parts 18 and 19, the Recipient has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C. §§ 200 et seq., which applies to patent rights developed under a research project.

RIGHTS IN DATA AND COPYRIGHTS

a. Definition. The term “subject data,” as used in this Section 18 of this Master Agreement means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Grant Agreement or Cooperative Agreement for the Project. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. “Subject data” do not include financial reports, cost analyses, or other similar information used for Project administration.

b. General. The following restrictions apply to all subject data first produced in the performance of the Grant Agreement or Cooperative Agreement for the Project:

(1) Except for its own internal use, the Recipient may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Recipient authorize others to do so,
without the prior written consent of the Federal Government, unless the Federal Government has previously released or approved the release of such data to the public.

(2) The restrictions on publication of Paragraph 18.b(1) of this Master Agreement, however, do not apply to a Grant Agreement or Cooperative Agreement with an institution of higher learning.

c. Federal Rights in Data and Copyrights. The Recipient agrees to provide to the Federal Government a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for Federal Government purposes the subject data described in this Subsection 18.c of this Master Agreement. As used herein, “for Federal Government purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not provide or otherwise extend to other parties the Federal Government’s license to:

(1) Any subject data developed under the Grant Agreement or Cooperative Agreement for the Project, or under a subagreement, lease, third party contract or other arrangement at any tier of the Project, supported with Federal assistance derived from the Grant Agreement or Cooperative Agreement for the Project, whether or not a copyright has been obtained; and

(2) Any rights of copyright to which a Recipient, subrecipient, lessee, third party contractor, or other participant at any tier of the Project purchases ownership using Federal assistance.

d. Special Federal Rights in Data for Research, Development, Demonstration, and Special Studies Projects. In general, FTA’s purpose in providing Federal assistance for a research, development, demonstration, or special studies Project is to increase transportation knowledge, rather than limit the benefits of the Project to Project participants. Therefore, when the Project is completed, the Recipient agrees to provide a Project report that FTA may publish or make available for publication on the Internet. In addition, the Recipient agrees to provide other reports pertaining to the Project that FTA may request. The Recipient agrees to identify clearly any specific confidential, privileged, or proprietary information it submits to FTA. In addition, except to the extent that FTA determines otherwise in writing, the Recipient agrees to support a research, development, demonstration, or a special studies Project agrees that, in addition to the rights in data and copyrights that it must provide to the Federal Government as set forth in Subsection 18.c of this Master Agreement, FTA may make available to any FTA recipient, subrecipient, third party contractor, third party subcontractor or other participant at any tier of the Project, either FTA’s license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under the Project shall become subject data as defined in Subsection 18.a of this Master Agreement and shall be delivered as the Federal Government may direct. This Subsection 18.d, however, does not apply to adaptations of automatic data processing equipment or programs for the Recipient’s use when the costs thereof are financed with Federal assistance through an FTA capital program.

e. License Fees and Royalties. FTA considers income earned from license fees and royalties for copyrighted material, or trademarks produced under the Project to be program income. Except to the extent FTA determines otherwise in writing, as provided in 49 C.F.R. Parts 18 and 19, the Recipient has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C. §§ 200 et seq., which applies to patent rights developed under a research project.
f. Hold Harmless. Except as prohibited or otherwise limited by State law or except to the extent that FTA determines otherwise in writing, upon request by the Federal Government, the Recipient agrees to indemnify, save, and hold harmless the Federal Government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Recipient of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project. The Recipient shall not be required to indemnify the Federal Government for any such liability caused by the wrongful acts of Federal employees or agents.

g. Restrictions on Access to Patent Rights. Nothing in Section 18 of this Master Agreement pertaining to rights in data shall either imply a license to the Federal Government under any patent or be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.

h. Data Developed Without Federal Funding or Support. In connection with the Project, the Recipient may find it necessary to provide data to FTA developed without any Federal funding or support by the Federal Government. The requirements of Subsections 18.b, 18.c, and 18.d of this Master Agreement do not apply to data developed without Federal funding or support by the Federal Government, even though that data may have been used in connection with the Project. Nevertheless, the Recipient understands and agrees that the Federal Government will not be able to protect data from unauthorized disclosure unless that data is clearly marked “Proprietary” or “Confidential.”

i. Requirements to Release Data. To the extent required by U.S. DOT regulations, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” at 49 C.F.R. § 19.36(d), or other applicable Federal laws or Federal regulations, the Recipient understands and agrees that the data and information it submits to the Federal Government may be required to be released in accordance with the Freedom of Information Act (or another Federal law or Federal regulation providing access to such records).

**SPECIAL NOTIFICATION REQUIREMENTS FOR STATES**

To the extent required by Federal law, the State agrees that, in administering any Federal assistance Program or Project supported by the Grant Agreement or Cooperative Agreement, any request for proposals, solicitation, grant application, form, notification, press release, or other publication involving the distribution of FTA assistance for the Program or the Project shall indicate that FTA is the Federal agency that is providing the Federal assistance, the Catalog of Federal Domestic Assistance Number of the program from which the Federal assistance is authorized, as may be applicable, and the amount of Federal assistance FTA provided.

Disadvantaged Business Enterprise (DBE) Program Requirements

I. Race-Neutral DBE Participation

The Contractor is required to submit a DBE Race-Neutral Participation Listing to identify DBE subcontractor(s) proposed in the performance of this U.S. DOT-assisted contract, and further agrees to ensure that DBE subcontractors listed in the “DBE Race-Neutral Participation Listing” perform work and/or supply materials in accordance with original commitments, unless otherwise directed and/or approved by the Omnitrans prior to the Prime Contractor effectuating any changes to its race-neutral DBE participation commitments. The Contractor is required to submit this form whether or not DBE subcontractors have been proposed.

Prime Contractor shall ensure the DBE information submitted shall include the North American Industry Classification System (NAICS) code applicable to the kind of work the DBE subcontractor(s) will perform on the contract.

In the event the Contractor commits to utilizing a DBE in the performance of this contract after contract award, the Contractor will comply with the same reporting requirements delineated above and submit a “DBE Race-Neutral Participation Listing” for new DBE commitments made after award and during contract performance.

II. DBE Policy and Applicability

In accordance with federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Omnitrans has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR, Part 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Programs”.

The project is subject to these stipulated regulations and Omnitrans’ DBE Program. In order to ensure that Omnitrans achieves its overall DBE Program goal, Omnitrans encourages the participation of DBEs as defined in 49 CFR, Part 26 in the performance of contracts financed in whole or in part with U.S. DOT funds. Pursuant to the intent of these regulations, it is also the policy of Omnitrans to:

Fulfill the spirit and intent of the Federal DBE Program regulations published under U.S. DOT Title 49 CFR, Part 26, by ensuring that DBE’s have equitable access to participate in all of Omnitrans’ and identified Prime Contractor DOT-assisted contracting opportunities.

a. Ensure that DBEs can fairly compete for and perform on all DOT-assisted contracts and subcontracts.

b. Ensure non-discrimination in the award and administration of Omnitrans’ DOT-assisted contracts.

c. Create a level playing field on which DBEs can compete fairly for DOT-assisted contracts.

d. Ensure that only firms that fully meet 49 CFR, Part 26 eligibility standards are permitted to participate as DBEs in DOT-assisted contracts.

e. Help remove barriers to the participation of DBEs in DOT-assisted contracts.

f. Assist in the development of firms that can compete successfully in the marketplace outside the DBE Program.
Disadvantaged Business Enterprise (DBE) Program Requirements

Contractor will not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.

Any terms used in this section that is defined in 49 CFR, Part 26, or elsewhere in the Regulations, will have the meaning set forth in the Regulations. In the event of any conflicts or inconsistencies between the Regulations and Omnitrans’ DBE Program with respect to DOT-assisted contracts, the Regulations will prevail.

III. Omnitrans’ Race-Neutral DBE Policy Implementation Directives

Pursuant to Race-Neutral DBE policy directives issued by the U.S. DOT in response to the Ninth Circuit U.S. Court of Appeals decision in Western States Paving Co. v. Washington State Department of Transportation, Omnitrans has implemented a wholly Race-Neutral DBE Program.

A Race-Neutral DBE Program is one that, while benefitting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Omnitrans does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. However, the Prime Contractor will adhere to race-neutral DBE participation commitments made at the time of contract award.

IV. Definitions

The following definitions apply to the terms as used in these provisions:

a. “Disadvantaged Business Enterprise (DBE)” means a small business concern: (a) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals or, in the case of any publicly-owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

b. “Socially and Economically Disadvantaged Individuals” means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans, women and any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act, or by Omnitrans pursuant to 49 CFR part 26.65. Members of the following groups are presumed to be socially and economically disadvantaged:

1. “Black Americans” which includes persons having origins in any of the Black racial groups of Africa;
2. “Hispanic Americans,” which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
3. “Native Americans,” which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
4. “Asian-Pacific Americans,” which includes persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, the U.S. Trust Territories of the Pacific, and the Northern Marianas;
ATTACHMENT D
Disadvantaged Business Enterprise (DBE) Program Requirements

5. “Asian-Indian Americans,” which includes persons whose origins are from India, Pakistan, and Bangladesh; and

6. Women, regardless of ethnicity or race.

c. “Owned and Controlled” means a business: (a) which is at least 51 percent owned by one or more “Socially and Economically Disadvantaged Individuals” or, in the case of a publicly-owned business, at least 51 percent of the stock of which is owned by one or more “Socially and Economically Disadvantaged Individuals”; and (b) whose management and daily business operations are controlled by one or more such individuals.

d. “Manufacturer” means a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the contractor.

e. “Regular Dealer” means a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold to the public in the usual course of business. The firm must engage in, as its principal business, and in its own name, the purchase and sale of the product in question. A regular dealer in such bulk items as steel, cement, gravel, stone and petroleum products need not keep such products in stock if it owns or operates distribution equipment.

f. “Other Socially and Economically Disadvantaged Individuals” means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who, on a case-by-case basis, are determined by Small Business Administration or certifying agency under the California Unified Certification Program (CUCP) to meet the social and economic disadvantage criteria described in 49 CFR Part 26.67.

V. Race-Neutral DBE Submission and Ongoing Reporting Requirements (Post- Award)

Contractor shall report both DBE and non-DBE subcontractor payment details to Omnitrans using the web-based system by the 15th of each month. The web-based system allows Contractor to manage their own records, maintain accurate contract award information, and report subcontractor payment details online.

Use of the web-based system is mandatory for the Contractor and subcontractor to use unless Omnitrans instructs otherwise in writing to Contractor. A Contractor account will be created after award, which will allow Contractor to enter data into the web-based system via an internet browser. After award, Contractor will receive instructions to set up their account and enter required subcontractor data. Contractor must require each of its subcontractors to enter required payment verification information into the web-based system. Subcontractors with lower tier subcontractors must require lower tier subcontractors to enter required payment data into the web-based system. Failure of Contractor or its subcontractors to enter required information on a timely basis may result in delay of payment by Omnitrans and may subject Contractor to withholding of payments or penalties for noncompliance.

If Omnitrans approves in writing the use of a form instead of the web-based system to report monthly payments to subcontractors, Contractor will complete and submit the following exhibit at the times specified:
Summary Subcontractors Paid Monthly Report and Payment Verification: (Requires Omnitrans Approval in Writing).

The Contractor will be required to complete and submit a Form 103 to Omnitrans designee by the 15th of each month until completion of the contract to facilitate reporting of all subcontractor payments, including DBE firms, following the first month of contract activity. The Contractor will report the total dollar value paid to all subcontractors, including DBEs, for the applicable reporting period. The Contractor will also report the subcontractor’s scope of work and the total subcontract value of commitment for each subcontractor reported.

Upon completion of the contract, the Contractor will be required to prepare and submit to Omnitrans a “Summary Subcontractor Paid Monthly Report and Payment Verification” (Form 103) clearly marked “Final” to facilitate reporting and capturing actual subcontractor payments. Contractor will complete and submit a Final Form 103 whether or not DBEs were utilized in the performance of the contract.

Contractor is advised not to report the participation of DBEs toward the Contractor’s race-neutral DBE attainment until the amount being counted has been paid to the DBE.

Contractor is responsible for providing subcontractor’s proof of DBE Certification.

Contractor and subcontractors are subject to periodic audits by Omnitrans and or their designated representative. Program audits serve as a part of Omnitrans assessing program compliance. The audit may include comprehensive review of program related forms, documents and procedures, including but not limited to site visits. The information presented for review shall be provided in an auditable manner.

VI. DBE Eligibility and Commercially Useful Function Standards

a. A DBE must be a small business concern as defined pursuant to Section 3 of the U.S. Small Business Act and relevant regulations promulgated pursuant thereto.

b. A DBE may participate as a prime contractor, subcontractor, joint venture partner with a prime or subcontractor, vendor of material or supplies, or as a trucking company.

c. A DBE joint venture partner must be responsible for specific contract items of work, or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.

d. A DBE must perform a commercially useful function in accordance with 49 CFR 26.55 (i.e., must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.) A DBE should perform at least thirty percent (30%) of the total cost of its contract with its own workforce to presume it is performing a commercially useful function.

e. DBEs must be certified by the California Unified Certification Program (CUCP). Listings of DBEs certified by the CUCP are available from the following sources:

ATTACHMENT D
Disadvantaged Business Enterprise (DBE) Program Requirements

2. The CUCP DBE Directory, which may be obtained from the Department of Transportation, Material Operations Branch, Publication Distribution Unit, 1900 Royal Oaks Drive, Sacramento, CA 95815; Telephone (916) 445-3520.

VII. DBE Crediting Provisions

When a DBE is proposed to participate in the contract, either as a Prime Contractor or Subcontractor, only the value of the work proposed to be performed by the DBE with its own forces may be counted toward race-neutral DBE participation. If the Contractor is a DBE joint venture participant, only the DBE proportionate interest in the joint venture will be counted.

a. If a DBE intends to subcontract part of the work of its subcontract to a lower tier Subcontractor, the value of the subcontracted work may be counted toward race-neutral DBE participation only if the DBE Subcontractor is a certified DBE and actually performs the work with their own forces. Services subcontracted to a non-DBE firm may not be credited toward the prime Contractor’s race-neutral DBE attainment.

b. Contractor is to calculate and credit participation by eligible DBE vendors of equipment, materials, and suppliers toward race-neutral DBE attainment, as follows:

1. Sixty percent (60%) of expenditure(s) for equipment, materials and supplies required under the Contract, obtained from a regular dealer; or

2. One hundred percent (100%) of expenditure(s) for equipment, materials and supplies required under the Contract, obtained from a DBE manufacturer.

c. The following types of fee or commissions paid to DBE Subcontractors, Brokers, and Packers may be credited toward the prime Contractor’s race-neutral DBE attainment, provided that the fee or commission is reasonable, and not excessive, as compared with fees or commissions customarily allowed for similar work, including:

1. Fees and commissions charged for providing bona fide professional or technical services, or procurement of essential personnel, facilities, equipment, materials, or supplies required in the performance of the Contract;

2. Fees charged for delivery of material and supplies (excluding the cost of materials or supplies themselves) when the licensed hauler, trucker, or delivery service is not also the manufacturer of, or a regular dealer in, the material and supplies;

3. Fees and commissions charged for providing any insurance specifically required in the performance of the Contract.

d. Contractor may count the participation of DBE trucking companies toward race-neutral DBE attainment, as follows:

1. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract.

2. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.

3. The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
ATTACHMENT D
Disadvantaged Business Enterprise (DBE) Program Requirements

4. The DBE may lease trucks from another DBE firm, including an owner-operator who
   is certified as a DBE. The DBE who leases trucks from another DBE receives credit
   for the total value of the transportation services the lessee DBE provides on the
   contract.

5. The DBE may also lease trucks from a non-DBE firm, including an owner-operator.
   The DBE who leases trucks from a non-DBE is entitled to credit only for the fee or
   commission it receives as a result of the lease arrangement. The DBE does not receive
   credit for the total value of the transportation services provided by the lessee, since
   these services are not provided by a DBE.

6. For purposes of this paragraph, a lease must indicate that the DBE has exclusive use
   of and control over the truck. This does not preclude the leased truck from working
   for others during the term of the lease with the consent of the DBE, so long as the lease
   gives the DBE absolute priority for use of the leased truck. Leased trucks must display
   the name and identification number of the DBE.

7. If the Contractor listed a non-certified DBE 1st tier Subcontractor to perform work on
   this contract, and the non-certified DBE subcontractor subcontracts a part of its work
   or purchases materials and/or supplies from a lower tier DBE certified Subcontractor
   or Vendor, the value of work performed by the lower tier DBE firm’s own forces can
   be counted toward race-neutral DBE participation on the contract.

VIII. Performance of DBE Subcontractors

DBE subcontractors listed by the Prime Contractor in its “DBE Race-Neutral Participation
Listing” submitted at the time of proposal submission or added during performance of the
contract will perform the work and supply the materials for which they are listed, unless the
Contractor has received prior written authorization from Omnitrans to perform the work with
other forces or to obtain the materials from other sources.

The Contractor will provide written notification to Omnitrans in a timely manner of any
changes to its anticipated DBE participation. This notice should be provided prior to
commencement of that portion of the work and the Prime Contractor shall demonstrate good
faith efforts in continuing doing business with DBE’s.

Contractor cannot fully or partially terminate or substitute a DBE subcontractor without good
cause and prior written consent from Omnitrans. This includes, but is not limited to, instances
in which a prime seeks to perform work originally designated for a DBE with its own forces
or those of an affiliate, a non-DBE firm, or with another DBE firm. If the Contractor fails to
obtain written consent, the Contractor shall not be entitled to any payment for work or material
unless it is performed or supplied by the listed DBE(s). Contractor shall exercise good faith
efforts to replace the original DBE subcontractor with another DBE firm for at least the same
amount remaining on the original DBE’s subcontract.

IX. Additional DBE Subcontractors

In the event Contractor identifies additional DBE subcontractors or suppliers not previously
identified by Contractor for race-neutral DBE participation under the contract, Contractor will
notify Omnitrans by submitting the form “DBE Race-Neutral Participation Listing” to enable
Contractor and Omnitrans to capture all race-neutral DBE participation.
ATTACHMENT D
Disadvantaged Business Enterprise (DBE) Program Requirements

X.  DBE Certification Status

If a listed DBE subcontractor is decertified during the life of the project, the decertified subcontractor will notify the Contractor in writing with the date of decertification. The Contractor will furnish the written documentation to Omnitrans in a timely manner.

XI.  Contractor’s Assurance Clause Regarding Non-Discrimination

In compliance with State and Federal anti-discrimination laws, the Contractor will affirm that they will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, the Contractor will affirm that they will consider, and utilize subcontractors and vendors, in a manner consistent with non-discrimination objectives.

Contractor (and each subcontract the Contractor signs with a subcontractor) must include the following assurance: Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

a. Withholding monthly progress payments;
b. Assessing sanctions;
c. Liquidated damages; and/or
d. Disqualifying the contractor from future bidding as non-responsible.

XII.  Prompt Payment

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the
application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

XIII. **Records Retention**

Prime Contractor shall maintain all DBE program records, including a thorough and updated bidder’s list.

Omnitrans requires prime contractors to maintain records of payments to subcontractors, including DBEs, for a minimum of three (3) years unless otherwise provided by applicable record retention requirements for Omnitrans’ financial assistance agreement, whichever is longer. These records will be made available for inspection upon request by any authorized representative of Omnitrans or DOT. This reporting requirement extends to all subcontractors, both DBE and non-DBE.

XIV. **Bidders List**

The U.S. Department of Transportation (DOT) requires Omnitrans to maintain a “Bidders List” containing information about all firms (DBE and non-DBE) that bid, propose or quote on Omnitrans’ DOT-assisted contracts, in accordance with 49 CFR Part 26.11, for use in the Omnitrans’ overall triennial DBE goal-setting process. Therefore, the Contractor shall provide at a minimum, the following requested information for every firm who submitted a quote, bid, or proposal, including the primary Contractor, whether successful or unsuccessful in their attempt to obtain a contract:

a. Firm name
b. Firm address
c. Status of DBE or non-DBE
d. Age of the business
e. Range of annual gross receipts for the last year

A Bidders List form is attached for completion by Contractor. It is the responsibility of the Contractor to verify accuracy of information submitted by each subcontractor. The Bidders List content will not be considered in evaluating the bid/proposal or determining award of the contract.
I. Purpose
It is the policy of Omnitrans to maintain a work environment that is safe for all persons, including the community, and conducive to attaining high work standards. To achieve these objectives, the Agency prohibits the possession of firearms and weapons in the workplace, regardless of any license or permit that an individual may have which otherwise authorizes the individual to carry firearms or weapons.

It is illegal and a criminal violation to possess weapons in public buildings (California Penal Code 171b and 171.7).

II. Scope
This policy applies to all Omnitrans employees, including but not limited to staffing agency workers and contractors working for or with the Agency at any time, regardless of whether the Agency is the actual employer.

Possession of firearms and weapons is prohibited at all Omnitrans' offices, parking lots, agency vehicles and job sites, and in all Agency vehicles.

The following person/s are exempt from this policy as stated: a guard of a contract carrier operating an armored vehicle, and any law enforcement officer who is carrying out official duties engaged in protecting and preserving property or life within the scope of his or her employment.

Omnitrans will strictly enforce this policy. Violation of this policy will result in immediate disciplinary action, up to and including termination.

III. Procedure
A. COMMUNICATION OF POLICY

(a) Each employee of the Agency shall receive a copy of this policy at the time of his/her hire and shall sign a copy of the acknowledgment. Employees who were employed before the effective date of this policy shall also receive a copy of this policy and shall sign a copy of the acknowledgment. A copy of the signed acknowledgment and of all new and revised policies throughout the employee’s employment shall be maintained in each employee’s personnel file.

(b) A copy of this policy shall be attached to each contractor's contract, and shall become a part of its contract. The contractor shall be responsible for communicating this policy to its employees and any subcontractors to which the contractor sublets any portion of its contract.
B. PROHIBITED CONDUCT

   (a) The transportation of firearms or weapons in Agency vehicles is prohibited. This includes but is not limited to:
       (1) to and from work,
       (2) when conducting Agency business,
       (3) at all times in Agency-owned or leased vehicles.

   (b) The possession or carrying of permitted and non-permitted firearms or weapons while at Agency buildings, parking lots, sponsored events, and job sites.

   (c) Exception: Power actuated tools which are manufactured for the use of fastening building materials and sanctioned tools for the purpose of performing Agency job duties are not subject to this policy.

C. SEARCH

   (a) OmniTrans reserves the right to conduct reasonable, unannounced searches of Agency premises and personal searches of employees and others while entering, on, or leaving Agency premises, including, but not limited to, personal effects, vehicles, lockers, desks, tool boxes, clothing, meal containers, and baggage. Searches will be conducted when the Agency has a reasonable suspicion to believe that a particular employee may be in possession of a weapon or firearm.

   (b) “Reasonable suspicion” is defined as a suspicion that is based on specific personal observations such as an employee’s manner, disposition, behavior, speech, information provided to management by an employee, by law enforcement officials, by a security service, or by other persons believed to be reliable, or a suspicion that is based on other surrounding circumstances.

   (c) Individuals refusing to allow an inspection will not be detained or forced to submit to the inspection. Refusal violates Agency policy and constitutes an act of insubordination constituting disciplinary action, up to and including separation of the employment relationship. Non-employees who refuse to allow an inspection will not be permitted on Agency premises and will be required to immediately leave the premises. Employees will be relieved of all duties while pending investigation.

D. DISCIPLINE

   (a) Violations of any portion of this policy will subject the employee to discipline,
up to and including separation of employment.

(b) Violations by a contractor’s employee or subcontractor of any portion of this policy may constitute a breach of contract and regardless will mandate the immediate removal of the contractor’s employee from Agency premises, prohibition against the individual accessing Agency premises in the future, and may also constitute a breach of contract.

E. REPORT OF VIOLATIONS

1. Employee Violations

Employees are required to report violations of this policy without regard to the relationship between the individual who initiates the prohibited behavior and the individual reporting it. An employee who believes that another employee may be in violation of this policy must report the alleged violation to the employee’s manager or supervisor, the department director, security, or the appropriate departmental Human Resources representative.

Departments are responsible for implementing this policy. The Agency will promptly investigate allegations of violations of this policy.

Omnitrans reserves the right to authorize searches for prohibited weapons on its property when a violation is reported or when probable cause or reasonable suspicion is present consistent with law.

Employees should be aware that there is no reasonable expectation of privacy with respect to weapons in the workplace. The Agency’s right to conduct searches includes, but is not limited to, such areas and items as lockers, desks, workstations, offices, purses, briefcases, bags, toolboxes, and lunch bags.

Searches of the employee’s work area and belongings, as described above, may be conducted by the Security & Emergency Preparedness Coordinator, or designee. Searches of all types, including surrounding agency property, personal property and the employee may be conducted by law enforcement in accordance with law should reasonable suspicion be present. Any weapon found in violation of this policy may be confiscated. Refusal to permit a search may result in discipline, up to and including separation.

2. Visitor Violations

Visitors are not allowed to carry a weapon on the premises. Any visitor carrying a weapon into a posted no-carry agency facility is creating an elevated risk to security and safety that warrants a response leading to compliance with the law. If the visitor
poses an immediate risk to security or safety, law enforcement shall be notified immediately by calling 9-911. The visitor shall be considered an immediate risk to safety and security if he/she is acting in an aggressive, belligerent, confrontational, suspicious or in an otherwise questionable manner while carrying a weapon.

F. FALSE REPORTS

Employees making intentionally false and malicious complaints of weapons in the workplace will be subject to disciplinary action, up to and including separation and/or will be reported to the proper authorities as appropriate.

G. ROLES AND RESPONSIBILITIES

Employees are responsible for understanding and complying with the Policy Prohibiting Weapons in the Workplace.

Whenever there is a question as to whether an instrument, article or substance is considered a weapon in violation of this policy, it is the employee’s responsibility to seek clarification. Employees seeking clarification should direct their questions to the agency’s Security & Emergency Preparedness Coordinator at 909-379-7117 prior to bringing the item(s) to Omnitrans work sites and events, as well as agency-owned or leased facilities or vehicles.

H. SAFETY FIRST

In applying this policy, no employee shall take any action that will risk his or her own safety or the safety of other individuals. No attempt should ever be made by an employee to restrain or forcibly evict an armed person from agency premises.

An individual’s continued non-compliance after being properly informed of the law (California Penal Code 171 (b)) will result in notification to law enforcement and discipline, up to and including separation of employment. Employees should notify security immediately.

An employee who feels an imminent danger to his or her own safety or the safety or security of others, should avoid any interaction with the individual. Immediately contact law enforcement by calling 9-911 and security at 909-379-7117.

I. ANTI-RETALIATION PROVISION

Omnitrans strictly prohibits any retaliation against an employee who has reported a possible breach of policy. If an employee feels that he or she has been subjected to retaliation in violation of this policy, the employee must immediately report it to his or her supervisor or other designated Human Resources representative.

RECITALS

WHEREAS, OMNITRANS is a joint powers authority organized under Section 6500 et seq. of the California Government Code with power to contract for services described in Attachment A to this Agreement entitled “Attachment A, Scope of Work” (hereinafter referred to as “Work”);

WHEREAS, CONTRACTOR has indicated it is qualified to perform such services and (1) has reviewed all the available data furnished by OMNITRANS pertinent to the Work to be rendered; (2) has inspected and reviewed the Work to be rendered; (3) will exercise the ordinary care and skill expected of a practitioner in its profession; and (4) is willing to accept responsibility of performing the Work set forth in this Agreement for the compensation and in accordance with the terms, requirements and conditions herein specified;

NOW, THEREFORE, for the consideration hereinafter stated, the parties agree as follows:

1. SCOPE OF WORK

A. CONTRACTOR will perform the Work and related tasks as described in Attachment A, Scope of Work hereto and is incorporated by reference into and made a part of this Agreement.

B. This is a non-exclusive Agreement, whereby OMNITRANS may, at its sole discretion, augment or supplant the Work with its own forces or forces of another contractor or entity. CONTRACTOR will cooperate fully with OMNITRANS’ staff or other contractor or entity that may be providing similar or the same Work for OMNITRANS.

2. PERIOD OF PERFORMANCE

The term of this Agreement shall be from the date of execution of this Agreement and continue in effect through June 30, 2023, unless terminated as specified in Section 10 and 11 of this Agreement. Omnitrans has no obligation to purchase any specified amount of products/services. All applicable indemnification provisions in this Agreement shall remain in effect following the termination of this Agreement.
Omnitrans’ election to extend the Agreement beyond the Initial Term shall not diminish its right to terminate the Agreement for Omnitrans’ convenience or CONTRACTORS default as provided elsewhere in this Agreement. The “maximum term” of this Agreement shall be the period extended from July 1, 2023 through June 30, 2025, which period encompasses the Initial Term and Option Year One and Option Year Two.

3. CONTRACT OPTIONS

A. Omnitrans will have the unilateral right in the contract by which, for a specified time, Omnitrans may elect to purchase additional services called for by the contract or may elect to extend the term of the contract. The requirements below apply:

1) Any options that were requested by Omnitrans and/or contained in the Contractor’s PROPOSAL or offer must have been evaluated in making the contract award prior to exercising any such options.

2) Since Contractor’s proposed pricing for the option years and additional services are considered in evaluating the Contractor’s original proposal and form the basis for awarding the contract, Contractor shall be bound by the proposal pricing for additional services and/or option years, unless otherwise provided herein.

B. Omnitrans will provide a minimum of thirty days (30) written notice to the Contractor of Omnitrans’ exercise of its option to extend the contract years. Omnitrans may give notice of its exercise of the option for additional services at any time during the term of the contract. The minimum time for the written notice may be waived by mutual agreement.

4. COMPENSATION

For CONTRACTOR’s full and complete performance of its obligations under this Agreement, OMNITRANS shall pay CONTRACTOR on a FIXED UNIT PRICE basis at the fully burdened fixed rates shown in Attachment B, and subject to the maximum cumulative payment obligation.

   Pump price minus $0.30 discount.

OMNITRANS’ maximum cumulative payment obligation under this Agreement shall not exceed Nine Hundred Twenty-Seven Thousand Dollars ($927,000.00), including all amounts payable to CONTRACTOR for all costs, including but not limited to direct labor, other direct costs, subcontracts, indirect costs including, but not limited to, leases, materials, taxes, insurance, and profit.
5. INVOICING AND PAYMENT

A. CONTRACTOR shall invoice OMNITRANS on a monthly basis no later than the 15th of each month. CONTRACTOR shall furnish information as may be requested by OMNITRANS to substantiate the validity of an invoice.

CONTRACTOR shall submit invoices in duplicate to:

OMNITRANS
1700 West Fifth Street
San Bernardino, CA 92411
Attn: Accounts Payable
Accountspayable@omnitrans.org
contracts@omnitrans.org

A separate invoice shall be used for each shipment. Each invoice shall include, at minimum, the following information:

- Contract number
- Invoice number
- Description of fueling
- Date of fueling
- Total quantity fueled
- Information as requested by OMNITRANS

B. OMNITRANS shall remit payment within thirty (30) calendar days of approval of the invoices by OMNITRANS’ Project Manager.

In the event OMNITRANS should overpay CONTRACTOR, such overpayment shall not be construed as a waiver of OMNITRANS’ right to obtain reimbursement for the overpayment. Upon discovering any overpayment, either on its own or upon notice of OMNITRANS, CONTRACTOR shall immediately reimburse OMNITRANS the entire overpayment or, at its sole discretion, OMNITRANS may deduct such overpayment amount from monies due to CONTRACTOR under this Agreement or any other Agreement between OMNITRANS and CONTRACTOR.

C. Prompt Payment Clause

Omnitrans has, by a contract clause pursuant to 49 CFR 26.29; “Prompt Payment Mechanisms for Recipients”, adopted a prompt payment provision on all DOT-assisted contracts, to facilitate timely payment to all subcontractors. This provision, governing the payment to subcontractors (DBEs and non-DBEs), requires the Prime Contractor to issue payment to all subcontractors for satisfactory work performed, no later than seven (7) days from Contractor’s receipt of payment from Omnitrans. A provision will
also apply to the disbursement of retention proceeds withheld by Prime Contractor, requiring the prompt return of retention payments from Contractor to the subcontractor no later than seven (7) days Omnitrans after the subcontractor’s work is satisfactorily completed. Prime Contractor will incorporate these prompt payment provisions in all subcontract agreements issued by Prime Contractor with respect to this Contract.

In accordance with §26.29 “Prompt Payment Provisions”, Omnitrans at its discretion, utilizes the following method to comply with the prompt payment of retainage requirement:

Hold retainage from the Prime Contractor and require a contract clause obligating Prime Contractor to make prompt and full payment of any retainage kept by Prime Contractor to the subcontractor within 7 days after the subcontractor’s work is satisfactorily completed.

Failure to comply with these prompt payment provisions or delay in issuing payment without prior written approval from Omnitrans will constitute noncompliance, which will result in the application of appropriate administrative sanctions, including, but not limited to, a penalty of 1% of the amount due per month to the affected subcontractor for every month that payment is not made.

Contractor will not be reimbursed for work performed by subcontractors unless and until the contractor ensures that the subcontractors are promptly paid for the work performed. Contractor shall include a prompt payment clause that complies with local, state, and federal prompt payment requirements in all subcontracts entered into under this contract. Should contractor fail to meet subcontractor prompt payment requirements for two (2) consecutive subcontractor payments without good cause, OMNITRANS may impose appropriate penalties for failure to comply with prompt payment requirements.

6. AUDIT AND INSPECTION OF RECORDS

CONTRACTOR agrees that OMNITRANS or any duly authorized representative shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, timecards, employment records or other records relating to this Agreement. Such material, including all pertinent cost, accounting, financial records, and proprietary data must be kept and maintained by CONTRACTOR for a period of three (3) years after completion of this Agreement unless OMNITRANS’ written permission is given to CONTRACTOR to dispose of material prior to this time.
7. NOTIFICATION

E. REPORT OF VIOLATIONS

1. Employee Violations

Employees are required to report violations of this policy without regard to the relationship between the individual who initiates the prohibited behavior and the individual reporting it. An employee who believes that another employee may be in violation of this policy must report the alleged violation to the employee’s manager or supervisor, the department director, security, or the appropriate departmental Human Resources representative.

Departments are responsible for implementing this policy. The Agency will promptly investigate allegations of violations of this policy.

Omnitrans reserves the right to authorize searches for prohibited weapons on its property when a violation is reported or when probable cause or reasonable suspicion is present consistent with law.

Employees should be aware that there is no reasonable expectation of privacy with respect to weapons in the workplace. The Agency’s right to conduct searches includes, but is not limited to, such areas and items as lockers, desks, workstations, offices, purses, briefcases, bags, toolboxes, and lunch bags.

Searches of the employee’s work area and belongings, as described above, may be conducted by the Security & Emergency Preparedness Coordinator, or designee. Searches of all types, including surrounding agency property, personal property and the employee may be conducted by law enforcement in accordance with law should reasonable suspicion be present. Any weapon found in violation of this policy may be confiscated. Refusal to permit a search may result in discipline, up to and including separation.

2. Visitor Violations

Visitors are not allowed to carry a weapon on the premises. Any visitor carrying a weapon into a posted no-carry agency facility is creating an elevated risk to security and safety that warrants a response leading to compliance with the law. If the visitor
poses an immediate risk to security or safety, law enforcement shall be notified immediately by calling 9-911. The visitor shall be considered an immediate risk to safety and security if he/she is acting in an aggressive, belligerent, confrontational, suspicious or in an otherwise questionable manner while carrying a weapon.

F. FALSE REPORTS

Employees making intentionally false and malicious complaints of weapons in the workplace will be subject to disciplinary action, up to and including separation and/or will be reported to the proper authorities as appropriate.

G. ROLES AND RESPONSIBILITIES

Employees are responsible for understanding and complying with the Policy Prohibiting Weapons in the Workplace.

Whenever there is a question as to whether an instrument, article or substance is considered a weapon in violation of this policy, it is the employee’s responsibility to seek clarification. Employees seeking clarification should direct their questions to the agency’s Security & Emergency Preparedness Coordinator at 909-379-7117 prior to bringing the item(s) to Omnitrans work sites and events, as well as agency-owned or leased facilities or vehicles.

H. SAFETY FIRST

In applying this policy, no employee shall take any action that will risk his or her own safety or the safety of other individuals. No attempt should ever be made by an employee to restrain or forcibly evict an armed person from agency premises.

An individual’s continued non-compliance after being properly informed of the law (California Penal Code 171 (b)) will result in notification to law enforcement and discipline, up to and including separation of employment. Employees should notify security immediately.

An employee who feels an imminent danger to his or her own safety or the safety or security of others, should avoid any interaction with the individual. Immediately contact law enforcement by calling 9-911 and security at 909-379-7117.

I. ANTI-RETALIATION PROVISION

Omnitrans strictly prohibits any retaliation against an employee who has reported a possible breach of policy. If an employee feels that he or she has been subjected to retaliation in violation of this policy, the employee must immediately report it to his or her supervisor or other designated Human Resources representative.
