

Guide To Service Changes

Weathering the COVID-19 pandemic has been no easy task, from reducing bus service and operating on an emergency plan, to adjusting the way we ride and making necessary safety enhancements, it has been a time of quick change and adaptation. We would like to say “thank you” to our San Bernardino Valley community. Your patience, understanding, and cooperation is much appreciated!

Omnitrans will be implementing *significant service changes* taking effect on **Tuesday, September 8, 2020**. Per the ConnectForward service plan, which was presented earlier this year for public input, new routes will be introduced, and some eliminated to streamline service. Most importantly, however, frequency will be restored on some of our most popular bus routes after reducing service due to COVID-19 and related stay-at-home orders earlier this year.

New Routes:

Routes 6 combines sections of eliminated Routes 5 and 7.

Route 87 combines sections of eliminated Routes 80 and 86.

Route 305 combines sections of eliminated Routes 5 and 325.

Route 319 combines all of OmniGo 309/310 Yucaipa.

OmniRide, a new microtransit service, will serve much of the area eliminated by OmniGo Route 365. OmniRide will provide on-demand service to residents and commuters within the Chino and Chino Hills (see pg. 2 for more info) area. A redesigned **Route 365** will provide school tripper service in Chino Hills when in-person teaching resumes.

Redesigned Routes

1, 29, 81, 82, 83 and **84** have undergone routing changes.

New Destinations

The new **Route 87** will serve the Eastvale Amazon warehouse.

Route 81 will now serve the Ontario East Metrolink Station.

Route 290 has returned, with peak service early morning and late afternoons.

Routes With Restored Frequency
Routes 1, 3, 4, 14, 61, 66 and **290**.

Renamed Routes

Route 312 (was Route 12)

Route 329 (was Route 29)

Route Eliminations

5, 7, 20, 80, 86, OmniGo 308/309/310 and **OmniGo 325**.

Routes Temporarily Suspended
Route 67

Route 365 Tripper Service

Both of these routes will tentatively return in January 2021, pending COVID-19 developments.

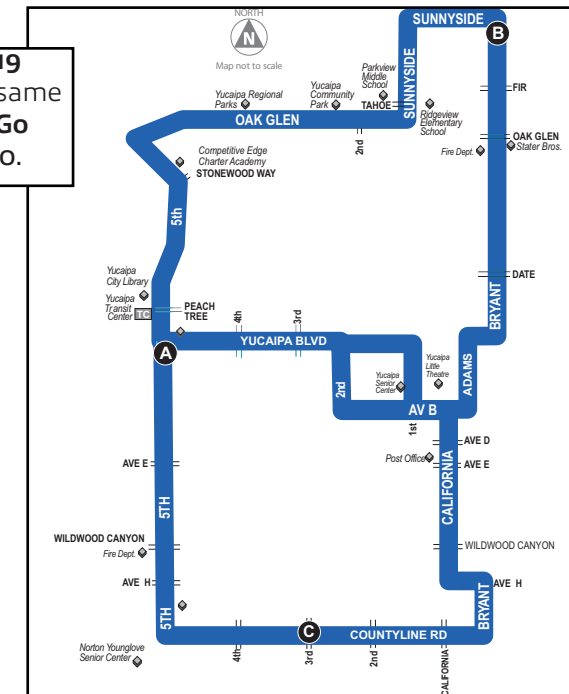

Before you travel, check schedules carefully. For detailed route maps, visit omnitrans.org/guide-to-september-2020-service-changes/.

Mini But Mighty Buses To Serve 300 Series Routes

For communities previously served by OmniGo service, (Yucaipa, Grand Terrace and Chino Hills) there will be a major change in service. **OmniGo Routes 309-310, OmniGo Route 325** and **OmniGo Route 365** have been eliminated and replaced with new service (see below).

New Route 319 will cover the same area as **OmniGo Routes 309-310**.

There is also a change in the vehicles that serve these new routes. The white mini buses, (at right), with the unique gold and blue logo, that served all the **OmniGo** routes will be replaced by mini buses of the same size, but with a green, blue and white color scheme, (at left). These mini buses are what we call “flex vehicles.”

Omni “flex” mini buses will serve 300-series routes, and more.

These flex vehicles will provide service on the new **Routes 305, 319** as well as the newly renamed **Routes 312 and 329**. These flex vehicles will also provide weekend service on **Routes 84 and 88**.

Mini flex buses carry the same number of passengers as OmniGo vehicles did (12), as well as 2 mobility devices. Eventually the vehicles will be outfitted to carry up to 2 bicycles. Fares will remain the same as our big, 40-foot and sbX buses.

OmniGo vehicles, and service will be replaced Sept. 8.

New OmniRide Microtransit Service Launches

Among the service changes is the announcement that **OmniGo Route 365** has been eliminated. Although some service is slated to resume in the form of tripper service when schools resume, there remains a large area of Chino Hills to be served. Enter **OmniRide!** **OmniRide** is San Bernardino’s first ever “microtransit” service. **OmniRide** provides on-demand service (similar to Uber and Lyft) to residents and commuters within the Chino and Chino Hills region.

Fares for **OmniRide** are \$4 per one-way ride (\$2 for Seniors, Disabled, Medicare, and Veterans), and includes an Omnitrans day-pass for transfer to fixed route buses, which includes nearby Omni Routes 83 and 88. To ride, make a reservation using the **OmniRide On-Demand mobile app** (free download from the Apple Store and Google Play) or call 909-383-1680. Credit cards are accepted on the app, and cash is accepted onboard. To kick off this exciting new service, Omnitrans is offering a special buy one, get one free offer available through the **OmniRide On-Demand mobile app** during September! For more **OmniRide** information, visit Omnitrans.org/OmniRide.
