Our mission and purpose as an organization is to connect our community with coordinated and sustainable transit service

Our vision is to provide **innovative** mobility solutions that **connect** our region and strengthen the economy

OUR VISION

Director of Safety, Security and Regulatory Compliance

Job description:

- Directs and coordinates Agency programs related to safety and security, environmental compliance, emergency planning and response, and disaster preparedness programs
- Responsible for formulating general safety and security policies and procedures in compliance with federal, state, and local rules and regulations
- Serves as primary liaison and point of contact with federal, state, and local regulatory agencies
- Oversees the audits of consultant and contractor safety performance relating to accident statistics and compliance
- Ensures the accuracy of all programmatic documentation.
- Ensures proper maintenance of all safety files and records.
- Responsible for timely submittal of all reports
- Provides necessary information, support and assistance to Department heads to foster full regulatory compliance
- Ensures that essential audits/inspections are performed on a regular basis to promote a safe and healthy work environment and minimize the potential for accident, fire, health, chemical, biological, and physical hazards
- Participates in accident/incident investigation and performs root cause analysis
- Functions as the Emergency Management Liaison Officer to the County Office of Emergency Services

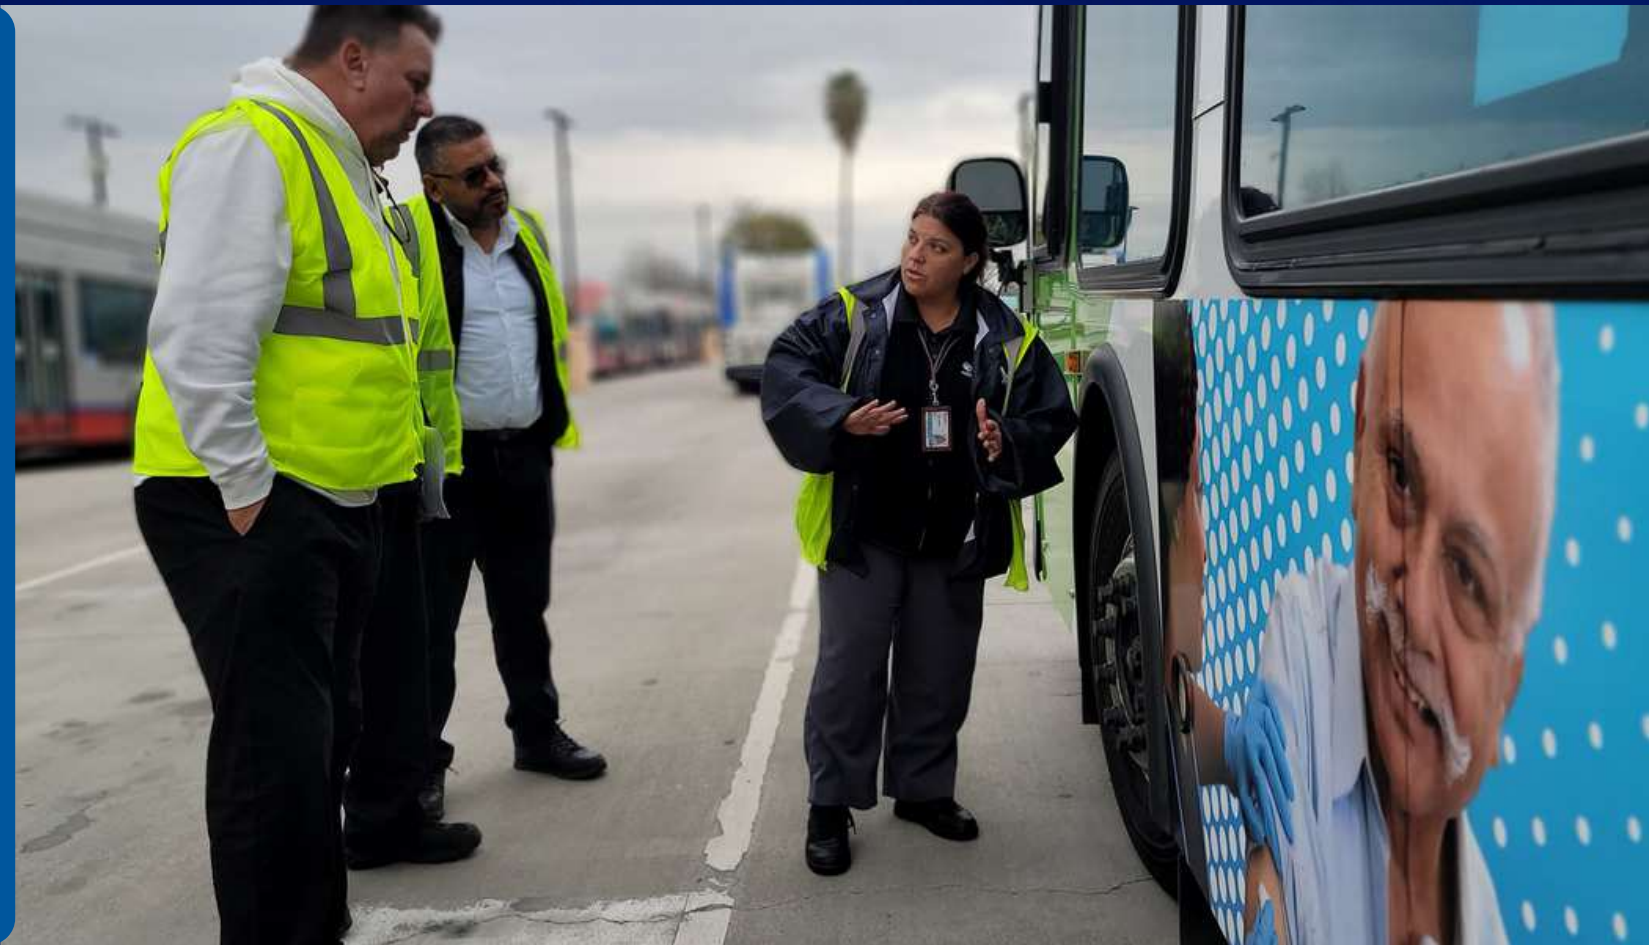

Job requirements:

- Bachelor's degree from an accredited four-year college or university in administration, transportation, engineering, or related field of study.
- Advanced degree and Safety Professional, or Law Enforcement or Industrial Security Management experience is highly desired.
- Minimum of seven years experience in Safety and/or Security operations with increasing responsible supervisory experience.
- Equivalent combinations of experience and education shall be considered.
